Dear sir
Further to my earlier Email

I would further like to add one more point as under mentioned

The development of Endurance needs to be looked into as the Indigenous Horse industry is rapidly growing and the local breed are well suited for this sports discipline. This energy needs to be harnessed by way of hosting more endurance events at State levels on the lines of REL.

sincere regards

Dear Sir

On the on set I would like to congratulate the newly elected unopposed Members of the EC

The federation has come a long way since its creation and needs to upgrade from time to time in order to stay ahead with the rapidly developing horse industry in the country

There is need to give more publicity to the EFI events this could be done by holding frequent press meetings and press releases and having a tie up with a sports channel

we need to create more infrastructure in various states in collaboration with the state equestrian associations and state Olympic Associations /councils

There is a need to have more events for children and juniors which are the future of the sport

The EFI can toy with the idea of Hosting events such as All India Schools Horse show and an All India Colleges Horse show or All India Universities Horse Show on the lines of sub junior and Junior Nec with guidelines framed for participations at various levels like junior riders and young riders or an All India Riding Clubs Championship

These are just a few ideas I thought I ought to share with the EC

sincere regards

Dear Sir

I would like the Members of the EC to consider discussing the following points

1 in order to further develop the equestrian sport at the grass root level across the nation The EFI must take the assistance of The All India Police Sports Control Board based at CGO complex Delhi .

Most States have Mounted Police set up/ units which take part in All India Police Equestrian Meets being organised every year at different states each time , Thus they create Equestrian infrastructure in these states which can be well utilised for training and conduct of Equestrian Events hence if the State police are co opted with the state Equestrian associations I would greatly help in developing the sport at the state level specially State Associations which exist only on paper

2 Some of States of Northern and central India need to be addressed as these have good breeding studs and locals have a flare for indulging in horsie activities

3 Children are the future we must have more equestrian events for Children over and above the NEC at base level the federation must encourage gymkhana events to popularise the sport on the lines of Pony clubs

4 There is great shortage of Equine Vets and Farriers This issue need to be addressed by The federation if initially RVC staff can assist in these aspects it would help greatly in encouraging more people to keep horses and indulge in the sport

Thanking you

Subject: Request for Waiving Entry Fee and Corpus of NEC & International Tent Pegging 2015

Respected Sir,

I would like to bring to your kind notice the following facts:

1. I was involved in organising the Biggest International Tent Pegging Event in 2010 in Noida as Show Director for U.P. Equestrian Association and EFI.
2. The event was the first major Tent Pegging Event in the World that attracted 12 countries participation. All countries spoke volumes of excellent Hospitality and event of EFI.
3. In 2012, as Equiwings Sports had taken up shape, we organised another Asian & International Tent Pegging Championship, wherein 12 countries participated. EFI gave huge support in organising an impeccable event with all teams going back to their countries very happy with the EFI event and loads of wonderful memories of Hospitality in India.
4. In 2013, Equiwings Sports organised the Biggest Ever Equestrian Tent Pegging Event that attracted 17 countries. All teams again were of praise for EFI & Equiwings for a wonderful organisation and hospitality.
5. It was in 2013 International event, that laid seeds of the International Tent Pegging Federation (ITPF) in Gurgaon in India as a governing body of Equestrian Tent Pegging. From here Tent Pegging grew manifolds and many countries started organising International Tent Pegging Events including Oman, South Africa, Germany, Norway, USA, Sudan, Egypt, Abu Dhabi, Pakistan etc.
6. Equiwings Sports again bagged the rights to organise Asian & International Tent Pegging Championship in Greater Noida in 2015, which was again a super successful event in terms of its organisation and hospitality extended to foreign teams.
7. In 2016, Equiwings Sports was allotted the National and Asian & International tent Pegging Championship scheduled in November 2016, but due to an argument with the then Joint Secretary (Technical) Col. Ashok Yadav, over his expenses to Egypt, the event was cancelled by EFI.
8. Sir, the EFI has been doing a lot of hard work in getting Equestrian Sports Medal at the International Level and I have always stood with EFI whenever have been

required. EFI has introduced REL wherein it pays organisers INR 50,000 for successful organisation of a Regional Event. Unfortunately, the EFI has not recognised our contribution for the development of Equestrian Tent Pegging in India as well as Internationally.

9. We have several times submitted to EFI that organising an International Event requires huge funds, especially when are over 10 countries. The EFI had always supported our cause and unofficially exempted us of an Entry Fee. But because of the small tussle with Col. Ashok Yadav, we have been asked to pay Entry Fee for 2015 NEC, amount of which was utilised for the Hospitality of International Teams.
10. Sir, while other organisations have been waived for Corpus and Entry Fees on several occasions, but for Equiwings Sports, which has incurred the maximum expenses due to organising International Event, has been fined.
11. I would request you to please ask the EFI Secretariat, that I/Equiwings have by far contributed much more than what is being demanded by EFI always, and would always continue to do so because of my Love for the Sport, but at this juncture, I am unable to pay because of huge losses in 2015 International Event.

I would request the honourable President, EFI, under his powers as President, to please waive any pending amount pertaining to Equiwings Sports as a One Time Affair and motivate us to keep pursuing and organising International tent Pegging Events in India for the progress and development of Equestrian Tent Pegging.

Looking forward to your kind and favourable decision.

Thanking you in anticipation.

Yours Sincerely,

Ahmad Afsar
