Dear Col Singh,

Thank you for contacting us.

To renew their status, Permitted Treating Veterinarians need to repeat the PTV online exam, which they can access at <http://exam.fei.org/>. The exam will be made available to them 3 months before the expiry date of their PTV certificate.

If they do not take the exam within the 3 months preceding the expiry of their PTV certificate, their name will be taken off the PTV list. They will still have access to the exam and it will be imperative that they take the exam before working at their next FEI event.

Once they pass the exam, their status will be renewed and they will receive a new PTV certificate.

Best regards,

Anne Saez
