ARTICLE 1 - PRINCIPLES

- 1.1 The FEI Eventing World Challenge SERIES may be organised by any member NF of the FEI, except USA, Canada, Australia and New Zealand and the Western European NFs listed below.

The Western European NFs that are **not eligible** to organise the FEI Eventing World Challenge SERIES are defined as those NFs in Western Europe which organise in their own country and/or have straightforward access to (1-2 days travel by road) 10 or more International Eventing Events in neighbouring countries per year. These countries are:

AND, AUT, BEL, DEN, ESP, FIN, FRA, GBR, GER, IRL, ITA, LIE, LUX, MLT, MON, NED, NOR, POR, SMR, SUI and SWE

Consequently, the only Western European NF that is **eligible** to take part in the Challenge SERIES is Iceland (ISL). **Note:** ISL is currently suspended and therefore not eligible until membership has been reestablished.

- 1.2 Each NF will have the opportunity to organise Competitions in 3 categories based on their level of activity: Category A (highest level meant as a bridge to the first FEI level of competition), Category B (for Medium level Athletes), Category C (for Novice level Athletes - an Introduction to Eventing).

The technical level will increase progressively from one Level to the next, allowing NFs to develop the discipline step by step.

- 1.3 Category A, B and C each consist of **1 Competitions organised over ONE day:**

- Category A: 1x Dressage Test + 1x Jumping Course followed by a Cross Country Course
- Category B: 1x Dressage Test + 1x Jumping Course followed by a Cross Country Course
- Category C: 1x Dressage Test + 1x "Derby" course with Jumping & Cross Country Fences

There will be **one Jumping** course plan for Categories A & B with limited changes between categories if possible, in order to allow NFs to host more than one Category on the same day and be able to do so without losing too much time. All courses will be designed by a Course Designer appointed by the FEI.

- 1.4 There will be an INDIVIDUAL ranking per Country, per Region and for the World for all 3 Categories.

In order to be in the rankings, an Athlete/Horse combination must successfully complete all tests of the competition (Dressage, Jumping and Cross Country for Categories A & B; Dressage and Derby for Category C).

- 1.5 Placing: Athletes will be placed according to their final results after taking part in all tests of the competition (refer to Art. 8.1).

- 1.6 The size of the arena for **Dressage** in all Categories (A, B and C) is **60 x 20 meters**.
The size of the arena for **Jumping** in Categories A and B is **65 x 45 meters**.
The arena used for **"Derby" in Category C** and **Cross Country in Categories A and B** should be a Polo type field (minimum recommended overall surface 15'000 m² - grass and/or sand - positive elevation maximum 10 meters).

- 1.7 The Category A, B and C must be organised at outdoor Competitions between the 1st January and the 31st December.

- 1.8 It is permitted to ride the Horse taking part in the FEI Eventing World Challenge competition in a training session and or in a National competition on the day prior to the FEI Eventing World Challenge competition.

The course or any relevant part of the FEI Eventing World Challenge course (Jumping and Cross Country) cannot be used for the training session or any National competition.

Under penalty of elimination, riding close to Cross Country obstacles, or riding in the Dressage or Jumping arenas prior to the actual Competition on the day of the FEI Eventing World Challenge is forbidden (FEI ERs Article 535.2.3).

ARTICLE 2 - HORSE INSPECTION

- 2.1 The Horse Inspection may be organised on the day of the Competition in accordance with Article 524.2.3 (Horse Inspection at Short Competitions) of the FEI Eventing Rules.

The First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition. In the Event that there is no First Horse Inspection, a FEI Official Veterinarian must assess the Horse's fitness to compete including a brief trot within the Examination on Arrival pursuant to FEI Eventing Rules Article 524.1. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

- 2.2 FEI GR Art. 137.2: As an exception to the FEI General Regulations, Horses taking part in the FEI Eventing World Challenge competitions in their own country do **NOT** need to be registered with the FEI and therefore are **NOT** required to have an official, valid FEI Passport, or a National Passport approved by the FEI accompanied by an FEI Recognition Card, as a mean of identification and to establish ownership.

All such Horses must be properly registered within their National Federation and identifiable by diagram. Unless there is no national requirement for equine influenza vaccination in the host country and in the country of origin, all horses must have a valid vaccination certificate.

- 2.3 The Inspection must take place on a firm, level and clean but not slippery surface (VR Article 1032).

The horse must be walked and trotted on a loose rein.

- 2.4 The FEI President of the Ground Jury must be present at the Horse Inspection if organised. Should only an Examination on Arrival be organised, then only the FEI Official Veterinarian must be present

- 2.5 It is the responsibility of the NF and/or OC to award a special prize to the best presented Horse based on the Ground Jury and/or FEI Veterinary Delegate's decision.

- 2.6 Age of Horses:

- All Horses + Ponies (refer to Art. 3.11) of **6 years of age** and over can compete in **ALL Categories** with **any Athlete**.
- All Horses + Ponies (refer to Art. 3.11) of **5 years of age** can compete in **Category A** with **Athletes of 18 years of age or older**.
- All Horses + Ponies (refer to Art. 3.11) of **4 years of age** can compete in **Categories B & C** with **Athletes of 18 years of age or older**.

ARTICLE 3 – PARTICIPATION

- 3.1 It is the responsibility of the National Federation to select the participants (Horses / Athletes) for the FEI Eventing World Challenge in strict accordance with the participation rules and make sure that Athletes and Horses comply with these rules.

For Pony Riders, it is the responsibility of the NF to make sure the minimum height of the Ponies is appropriate for the technical requirements of the category in which they compete in (refer to Art. 3.11).

3.2 Age of Athletes:

- **Categories B & C** are open to Athletes of **12 years old and above**.
- **Category A** is open to Athletes of **14 years old and above**.

3.3 Starting possibilities:

i. Athlete/Horse Combinations:

- Closed to any Athlete/Horse combination that has competed at any FEI Events (this includes Senior Regional/Continental Games & Championships/WEG/OG).
- Only Athlete/Horse combination that competed and successfully completed FEI Events of 1* or 2* level may NOT be allowed to compete in the FEI Eventing World Challenge if they haven't participated at this level for more than 3 years. (This only applies to Athlete/Horse combinations, therefore an Athlete can compete using another Horse and a Horse can be ridden by another Athlete).
- An Athlete/Horse combination may only start ONCE per Category during the same year.
- An Athlete may compete with the same Horse in all 3 Categories but NOT at the same show (ideally following the progression).

ii. Athletes:

- Any Athlete that has participated in an Olympic Games, an FEI World Equestrian Games and/or Senior European Championships is no longer eligible to compete in the Challenge.
- An Athlete may compete in all 3 Categories with 3 different Horses during the same show.
- An Athlete may compete with maximum 3 Horses in the same Category. If an Athlete rides more than one Horse in the same Category, only the score of one Horse will count for the Rankings (National/Regional/World). This Horse must be declared before the beginning of the competition and must be ridden first (refer to Article 3.4).

iii. Horse:

- Any Horse that has participated in an Olympic Games, an FEI World Equestrian Games and/or Senior European Championships is no longer eligible to compete in the Challenge.
- A Horse may compete in only one Category with only one Athlete during the same show.

3.4 Athletes riding more than one Horse in the same Category must complete the official FEI Declaration Form (available to download on the FEI Website, i.e. <https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge) sign it and submit it to the OC. The OC must in turn submit this to the PGJ – all forms must be signed and submitted before the start of the competition. A copy of the form (with both signatures) must be submitted to the FEI with the results. The declared horse must be ridden first in all Competitions. The results obtained with the other Horses will not count towards the final standings.

- 3.5 Other restrictions may apply based on National Federation's participation criteria. Athletes must consult the National regulations for such restrictions.
- 3.6 The NF of the organising country may enter as many Athletes as it wishes for each of the 3 categories.
- 3.7 **As an exception to the FEI General Regulations**, in the FEI Eventing World Challenge "Athletes Living outside their country of nationality" (as defined in the FEI General Regulations) may compete for their country of residence. **They may also be members of their host country's team.**
- Foreign Athletes from another Challenge NF or from a 'non-Challenge' NF may compete in the FEI Eventing World Challenge under the conditions of Art. 101.2, FEI General Regulations. **Foreign Athletes may only compete for their country of sport nationality, and cannot be a member of the host country's team.**
- 3.8 Athletes and Horses participating in the FEI Eventing World Challenge do **NOT** need to be registered with the FEI.
- 3.9 **Category A and B:**
An Athlete/Horse combination eliminated or with more than 4 obstacles/fences down on the Jumping course may **NOT** take part in the Cross Country.
- 3.10 **Category A, B and C: Draw & Starting order**
A draw for each Category will take place to decide the starting order. NFs may request a different starting order format based on the National Federation's regulations; such requests must be provided to the FEI for approval before the entries OPEN.
Athlete/Horse combinations will retain their drawn starting order for the Dressage, Jumping and Cross Country.
In case an Athlete is riding more than one Horse, the declared Horse must be ridden first in all tests (Dressage, Jumping and Cross Country).
- 3.11 **Ponies:**
A Pony or small Horse NOT registered as a pony may compete in any FEI event as a Horse. The rules for the category of event then apply as per the age of the equine and the Athlete.
A Pony registered as a PONY, can participate in Pony classes and in other FEI events at the discretion of the OC, however in such cases the age of the Athlete must comply with the FEI Pony Riders rules (no adults).

ARTICLE 4 - ORGANISATION

- 4.1 Each NF is directly responsible for the organisation, which includes the appointments of the Officials and judging of each Competition.
- 4.2 Countries may organise Categories A, B and/or C. The Competitions may be held at different periods and places or simultaneously over one or two days.
Countries may decide of the order in which the Categories are organised.
- 4.3 Countries may make a special request to the FEI in order to host one or more Challenge Competitions in separate locations. This will only be granted due to geographical locations, if the country is too large to allow Athletes to compete in one venue.

4.4 **Officials:**

- The Ground Jury must be composed for ALL Categories of:
 - A President who must be a FEI Eventing Judge or an Experienced National Eventing Judge.
 - Minimum one Ground Jury Member who must be Eventing Judges (FEI or National).
- A FEI Eventing Foreign Technical Delegate (minimum Level 2) must be appointed.
- An Eventing Course Designer (FEI or National).
- A FEI Eventing Official Veterinarian (possible waiver might be granted for FEI OV of other disciplines, PTV or NHV upon request to the FEI if the country does not have any FEI Eventing OV).

4.5 Ground Jury Responsibilities include the inspection and approval of the Cross Country and Jumping courses with the Technical Delegate and the Course Designer.

The judging of the Dressage Test, with the President of the Ground Jury placed at "C" and the Ground Jury Member at "E".

The Ground Jury will be responsible for the judging of the Jumping Test. If the Ground Jury is still judging the Dressage Test when the Jumping Test begins, the Technical Delegate will be responsible for judging the Jumping Test until such time as the Ground Jury becomes available.

During Cross Country either the President of the Ground Jury must be in Cross Country Control. The President, in consultation with the Technical Delegate, shall make this decision and will decide about the role and positioning of the other Ground Jury member(s) during the Cross Country Test. The President and the member(s) of the Ground Jury shall retain the same task throughout the Cross Country Test.

The President of the Ground Jury must be present at the Horse Inspection in accordance with Art. 2.4. If no Horse Inspection is organised but only an Examination on Arrival, then President of the Ground Jury does not need to be present.

The Judge's Report must be completed and signed (an electronic signature is acceptable) by the President of the Ground Jury.

4.6 Technical Delegate Responsibilities include approval of the technical and administrative arrangements for the conduct of the Competition including examinations and inspections of Horses, accommodation of Horses and Athletes, stewarding of the Competition (FEI Stewards not mandatory, NF regulations regarding stewarding is acceptable), liaison with the Chief Medical Officer in regard to the Medical plan as well as the implementation of the Serious Incident Management Protocol.

For all three tests the Technical Delegate will inspect and approve the courses, arenas and facilities for exercising and training, including the type and dimensions of obstacles and measurements of courses, with particular reference to their suitability for the level of the Competition.

The Technical Delegate is specifically required to measure all courses to ensure they are of the indicated distances. The Technical Delegate must be able to inspect the courses early enough to allow for modifications to be made (refer to FEI ERs Art. 515.3).

In case the Ground Jury is not available at the commencement of the Jumping Test, the Technical Delegate will be responsible for judging the Jumping Test until such time as the Ground Jury becomes available.

The Technical Delegate's Report must be completed and signed (an electronic signature is acceptable) by the FEI Eventing Foreign Technical Delegate.

- 4.7 Course Designer Responsibilities include the construction of the Jumping Course in accordance with the specific plans and guidelines of the FEI Eventing World Challenge (published on: (<https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge).

For the Cross Country course, the Course Designer is responsible for the layout, measurement, preparation and marking of the route for the Cross Country in accordance with the specific plans and guidelines of the FEI Eventing World Challenge (published on: (<https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge), construction and marking of the obstacles on Cross Country.

The Course Designer role during the Cross country test is to work with the Technical Delegate and Ground Jury to deal with judging queries, sanctions (dangerous riding, abuse of Horse, incorrect behaviour, welfare of the Horse), reviewing of course/fences during XC in case of repetitive falls or weather situations.

The Course Designers are responsible to ensure that all frangible technology are fitted in accordance to the rules & up to date guidelines.

For the Derby course, the Course Designer may apply a tolerance of five centimetres in height for the fences, if dictated by the terrain.

- 4.8 Veterinary Delegate responsibilities, refer to Article 2.
- 4.9 Upon special request, the appointed FEI Foreign Technical Delegate could also act as President of the Ground Jury, provided he is a FEI Eventing Judge or an Experienced National Eventing Judge.

ARTICLE 5 – TECHNICAL LEVELS

- 5.1 Category A:
- 1) Dressage Test CIC1* Level
 - 2) Show Jumping course with up to 12x fences (max. 14 efforts) of 1.00m high – maximum 450 m long - speed 350 m/min.
 - 3) Cross Country course with 12x fences (max. 14 efforts) of 95cm-1.00m high with one water jump - 1800 m long @ 500 m/min.

- Category B:
- 1) Dressage Test Elementary Level
 - 2) Show Jumping course with up to 11x fences (max. 12 efforts) of 90cm high - maximum 450 m long / speed 350 m/min.
 - 3) Cross Country course with 9-10x fences (max. 11 efforts, including one combination with no more than 2 strides between combination fences) of 90cm high - 1000 m long / speed 425 m/min.

- Category C:
- 1) Dressage Test Preliminary Level
 - 2) "Derby" course with 9x Jumping fences (max. 10 efforts) and 7x Cross Country fences of 80cm high, with a +/- 5cm tolerance based on the terrain (max. 8 efforts, including one combination with no more than 2 strides between combination fences) – 800-1000m long / speed 400 m/min.

- 5.2 All courses (Jumping, Derby and Cross Country) must be built in accordance to the specific course plans, technical requirements, guidelines and course building instructions for the FEI Eventing World Challenge (published on: (<https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge).

5.3 Jumping Obstacles: The obstacles will be standard Jumping obstacles.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

5.4 The Jumping competition arena must be enclosed (FEI Rules for Jumping Events, Art. 201 and Memorandum for Eventing Events, Section 1). The size of the arena for the FEI Eventing World Challenge Jumping course Cat. A and B is **65 x 45 m**. If built inside a larger arena, it must be either marked out on the ground or railed off.

5.5 Before the beginning of the Derby and the Cross Country, a course walk must be organised in the presence of the TD, all Athletes and their Coaches. The TD will on this occasion supervise the briefing and course walk and put forward the challenges of the course and riding recommendations for maximum security.

Note: The course walk is meant to "educate" the different actors on the difficulties of the course and try to insure best practice for maximum security.

ARTICLE 6 - PRIZES

The Organising Committee within each country is responsible for the distribution of prizes in the normal way (at least one prize per four Athletes).

ARTICLE 7 - EVENT REGISTRATION

It is the responsibility of the NFs to inform the FEI on their intention of participation by **December 1st** the year prior to the competition by sending to the FEI, the "Application Form" posted on the FEI website (<https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge). Dates must fit between 1st January – 31st December.

ARTICLE 8 - RESULTS

8.1 There will be an INDIVIDUAL ranking per Country, per Region and for the World for all 3 Categories.

In order to be in the rankings, an Athlete/Horse combination must successfully complete all tests of the competition (Dressage, Jumping and Cross Country for Categories A & B; Dressage and Derby for Category C). An Athlete can only be in the rankings per Category once with the Horse Declared before the beginning of the Competition.

- Categories A & B:
- 1) Dressage Test Scoring as per FEI Eventing Rules Art. 544.
 - 2) Jumping Course Scoring as per FEI Eventing Rules Art. 553, but if more than 4 obstacles/fences down Athlete/Horse combination may **NOT** start in the Cross = Elimination.
 - 3) Cross Country: - NOT against the Clock, with optimum time.
Exceeding Optimum Time: 1 pt per commenced second in excess of the optimum time.
Under Optimum Time: 1 pt penalty for every commenced seconds in excess of 5 seconds under the optimum time.
 - First disobedience/refusal and/or run out of any obstacle/fence = 10 pts penalties.
 - Two disobediences/refusals and/or run outs on the same obstacle/ fence = Elimination.

- Three disobediences/refusals and/or run outs in total = Elimination.
- Fall of Horse or Athlete or both = Elimination.
- Error of Course: All compulsory obstacles/fences, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

Categories C:

1) Dressage Test Scoring as per FEI Eventing rules 544.

2) Derby: - Table A NOT against the Clock, with optimum time.

Exceeding Optimum Time: 0,4 pt per commenced second in excess of the optimum time.

Under Optimum Time: 1 pt penalty for every commenced seconds in excess of 5 seconds under the optimum time.

- 4 pts penalties for each jumping obstacle knocked down.
- 8 pts penalties for first and second disobedience/refusal and/or run out of any obstacle/fence.
- Third disobedience/refusal and/or run out = Elimination.
- Fall of Horse or Athlete or both = Elimination.
- Error of Course: All compulsory obstacles/fences, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

8.2 Results, Horse declaration forms, official's reports, one copy of the competition programme, and some photographs and video of the competition if any, together with press clippings must be sent to the FEI immediately after the competition. Please use only the Excel sheet specifically designed for the results of the FEI Challenge. This can be downloaded from the "Downloads" section of the FEI Eventing World Challenge web page. Please submit the results fully completed in their original format (Excel) in order to facilitate result processing as well as a copy of the results signed off by the Judges responsible.

8.3 The FEI will establish the final standings which will be published on the web site (<https://inside.fei.org> > Eventing > Main Events > FEI Eventing World Challenge).

8.4 There will be a TEAM ranking per REGIONAL Zone. Each Team is composed of the 1st Athlete per Category (A, B and C) in the NF. If a NF does not organise all 3 Categories, then it will not have a team.

Team composition:

A team must be composed of 3 different Athletes.

The 1st Athlete per Category (A, B and C) per NF will be part of the team unless the same Athlete wins more than one Category. In this case only the results of the highest Category will count for this Athlete. In all other Categories, the results of the follow up Athlete in the placings will be taken into account:

Category A:

Place	Athlete	Horse	Team
1	John Doe	Phantom	T
2	Anna Johnson	Super Star	
3	Jean Grey	Phoenix	

Category B

Place	Athlete	Horse	Team
1	John Doe	Mr. X	T
2	Kurt Wagner	Pretty Boy	
3	Peter Parker	Incognito	

Category C:

Place	Athlete	Horse	Team
1	Kurt Wagner	Excalibur	T
2	John Doe	Lost Identity	
3	Peter Parker	Fahrenheit	

If there are no other Athletes in the placings to ensure the Team is composed of three different Athletes, then there will be no team.

- 8.5 There will be a WORLD TEAM ranking.

ARTICLE 9 - INFORMATION TO BE SENT TO THE FEI

9.1 TWO MONTHS prior to the competition:

- A. CONFIRMATION OF COMPETITIONS DATES – before December 1st the year prior to the competitions.
- B. NAME & STATUS OF PRESIDENT OF THE GROUND JURY FOR CATEGORY A, B & C.
- C. NAME & STATUS OF FEI FOREIGN TECHNICAL DELEGATE FOR CATEGORY A, B & C.
- D. NAME OF FEI OFFICIAL VETERINARY DELEGATE FOR CATEGORY A, B & C.

Last minute changes are not allowed!!

BEFORE THE COMPETITION:

NFs/OC must if necessary **create** the Athletes and Horses' profiles in the FEI World Challenges IT Platform (<http://worldchallenges.inside.fei.org/login>) and then **enter** them in the corresponding Category.

Entries will be **open** two weeks prior to the Event and will **close** one day prior to the Event.

9.2 Immediately after the competition (no later than 14 days after the competition): NFs must provide the following information to the FEI:

- One copy of the competition programme.
- Copy of the results signed by the official FEI Judges
- Copies of all forms used to declare the official Horse when an Athlete rides more than one Horse. These forms must be signed by the Athlete and the President of the Ground Jury. It must be remembered that only one Horse can count for the standings and that **this Horse must be declared before the start of the Competition and must be ridden first.**
- The President of the Ground Jury's report.
- The FEI Foreign Technical Delegate's report.
- The FEI Veterinary Delegate's report.

- Photographs of the competition **with names of all the people figuring on them clearly written in English, either on the back of the photographs, or on a separate list.**
- Press clippings relating to the competition.

- 9.3 The National Federations are responsible for the travelling arrangements of the Officials, as well as for their per diem and accommodation (board and lodging) during their sojourn.

As per Article 4.2, countries may organise all three categories simultaneously over one or two days or at different periods. The FEI will reimburse the air travel expense for the FEI Eventing Foreign Technical Delegate, up to a maximum amount of EUR 1'500.- and the TD's per diem for three days at EUR 150.- (per day) to the National Federations upon receipt of the proper documentation (flight invoice). If organised at different periods of the year, the FEI will reimburse the per diem of the Foreign TD in accordance with the conditions stated above for all competitions, however the travel expense will only be covered for a maximum of EUR 1'500.- in total per country per year even if more than one competition is organised.

ARTICLE 10 – DRESS & SADDLERY

Please refer to Articles 538 and 539 of the FEI Rules for Eventing Events, 26th Edition, updates effective 1 January 2024, for all rules on dress and saddlery.

For Categories A & B Jumping test as well as for Category C Derby, the FEI Rules for Eventing Events Art. 539.3.3 will apply regarding Horse boots.

Watches are not permitted in any Category.

ARTICLE 11 – MISCELLANEOUS

11.1 FEI Brand

The FEI logo being a registered trademark we ask that while preparing publications for the competition (programmes, flyers, etc.) the OC strictly follows the FEI Brand Guidelines whenever using the FEI Logo, which you will find on the FEI website under:

<http://www.inside.fei.org/fei/about-fei/commercial/branding>.

11.2 General

The FEI Eventing World Challenge must be organised strictly according to FEI General Rules & Regulations, 24th edition, FEI Rules for Eventing Events, 26th Edition, updates effective 1 January 2024, the 2024 FEI Eventing World Challenge Rules and the Guidelines for Course Builder.

The FEI is entitled to make reasonable amendments to the present rules.

It is the responsibility of the NFs to make sure that the Athletes and Horses take part in the appropriate Category according to their age and experience.

GUIDELINES FOR CATEGORY A CROSS COUNTRY COURSE

IMPORTANT INFORMATION:

The indications provided below are an integral part of the rules and must be followed in accordance with the present guidelines. Failure to comply may cause for the results of the competition not to be acceptable.

This includes the number of fences, the profiles of the fences, their type and the order in which they are jumped. If absolutely necessary, a fence can be replaced by another fence of the same type. Adjustments to the fence type, profile and/or order based on security purposes due to positioning may exceptionally be granted if deemed necessary by the TD. Any adjustments not within these mandatory guidelines need to be discussed and agreed on by the TD and CD, and proper justification must be provided along with the TD report.

There will be NO exception/adjustment however regarding the number of fences included in the course which **MUST** comply with these guidelines.

MANDATORY TECHNICAL REQUIREMENTS:

# of Fences:	12 (14 efforts) of 95cm-1.00m high maximum with one water jump
Meters/Efforts:	Should not be more than an average of one jumping effort per commenced 100 meters, but a minimum distance of 80m between some fences is acceptable. Although there is no maximum imposed, it is strongly recommended not to have more than 140m between fences.
Length:	1800 m
Speed:	500 m/min
Optimum Time:	216 seconds

A water jump/feature of some form is strongly advised, however a water jump is not compulsory in year 1 of the Series if there is not currently such a feature built.

If such is the case, the Course Builder must replace the water with a combination of two efforts being jumped 11m a part. The jumps would have a profile similar to a log (see 5a) or a palisade panel i.e. not a great deal of base spread.

DESIGN PHILOSOPHY

The first 4 jumps are designed to encourage forward riding – up to height, with some top spread & base spread.

The first combination is a simple combination on a turn

Then there is a few fences which again encourage forward riding.

Around fence 8 there is a narrower style fence to also show that the rider has control – at this level the fence is still relatively wide

The water feature, if it has a step into the water must have an alternative to this so a horse can go into the water without jumping down the step. Horses should have to jump up a step out of the water.

The final few fences can be larger but straight forward.

This is even for a 100cm class a relatively technically easy track which is suitable for the entry level of the sport and the first year of the series.

HOW TO BUILD THE COURSE

On the basis of the information provided in this document as well as the Guidelines for Course Builders, each country will be responsible for building their Cross Country course in accordance with the rules and requirements.

No course will be identical because of the different nature of the terrain, path, etc., however the following conditions must be respected:

- Course length: 1800m
- Speed: 500 m/min
- Optimum time: 216 seconds

Guidelines about the metres per effort (mpe)

Start and Finish:

The first & last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the starting and/or finishing line.

Distance between fences:

In general there should not be more than an average of one jumping effort per commenced 100m over the entire length of the course. Taking into consideration the terrain (turns, slopes, etc.), this distance may need to be slightly adjusted to make sure fences are positioned in such a way that it is safe for the horses to jump them. The minimum distance should however be of 80 meters and preferably maximum 140 meters in between fences. Any adjustments not within these mandatory guidelines need to be discussed and agreed on by the TD and CD, and proper justification must be provided along with the TD report. As stated in the "Cross Country Guide for Officials", too much distance between fences can also have a negative effect on a Horse's performance, causing the Horse to "switch off". Strong consideration should be given to at least a moderate bend approaching a fence after a long gallop.

Although the distances between fences may vary in each country the overall length of the course will be the same.

Since each course might be different in each country, it is the responsibility of the Officials (TD, CD and PGJ) to make sure the course is of the appropriate length from start to finish in order for the Optimum Time to be respected as it will be the basis of scoring all around the world. The same is true for the order of the fences and their profile.

Per reminder the calculation of the Optimum Time is based on the distance chosen, carried out at the chosen speed (FEI ERs 545.2.1).

After identifying the area/path/field which will be used for the Derby and preparing the footing, the course builders and their crew may start to build the course according to the plans.

1. Draw the place of each fence on the plan to facilitate the positioning/construction on the ground.
 Make copies of the plan for each assistant.
 If you have enough people with knowledge in course building, divide up the course among them.
 If not, at least one course builder should be available to lead the group.
2. Each builder will try to build in his own area/field.
 They have to find the middle point of the fences (middle of the pole) to measure the distances between fences, then do the same for combinations.

GUIDELINES FOR CATEGORY C DERBY COURSE

IMPORTANT INFORMATION:

The indications provided below are an integral part of the rules and must be followed in accordance with the present guidelines. Failure to comply may cause for the results of the competition not to be acceptable.

This includes the number of fences, the profiles of the fences, their type and the order in which they are jumped. If absolutely necessary, a fence can be replaced by another fence of the same type. Adjustments to the fence type, profile and/or order based on security purposes due to positioning may exceptionally be granted if deemed necessary by the TD. Any adjustments not within these mandatory guidelines need to be discussed and agreed on by the TD and CD, and proper justification must be provided along with the TD report.

There will be NO exception/adjustment however regarding the number of fences included in the course which MUST comply with these guidelines.

MANDATORY TECHNICAL REQUIREMENTS:

# of Fences:	"Derby" course with 9x Jumping fences (10 efforts) and 7x Cross Country fences of 80cm high (8 efforts, including one combination with no more than 2 strides between combination fences) <u>Note:</u> In accordance with the rules, for the Derby course of Category C, the Course Designer may apply a tolerance of five centimetres in height for the fences, if dictated by the terrain
Meters/Efforts:	Approximately 40-60m between fences
Length:	800-1000 m
Speed:	400 m/min

HOW TO READ THE COURSE PLAN

The course plan provides necessary information to the construction of the course in order to guarantee the technical requirements are respected in all countries

On these plans you can see the following:

- Fence types: verticals, oxers, cross country
- Number of fences
- The number of each fence
- Start and finishing lines
- Course length, optimum time and speed for the competition.

HOW TO BUILD THE COURSE

The course plan provided for the Derby is an example of what can be built in a polo type field, but it is not mandatory to follow "design" if the terrain used is not of the same dimension.

What is however imperative is to respect the following:

- Minimum overall course length 800m
- Maximum overall course length 1000m
- Speed: 400 m/min

Since each course might be different in each country, it is the responsibility of the Officials (TD, CD and PGJ) to calculate the OPTIMUM TIME based on the final plan and course length.

Per reminder the calculation of the Optimum Time is based on the distance chosen, carried out at the chosen speed (FEI ERs 545.2.1). For example a course of 840 meters long (from Start to Finish line) will have an optimum time of 126 seconds (840m x 60sec divided by 400 m/min).

Guidelines about the metres per effort (mpe)

Start and Finish:

The first & last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the starting and/or finishing line.

Distance between fences:

In Category C, the distance between fences is every 40-60m. Taking into consideration the terrain (turns, slopes, etc.), this distance may need to be slightly adjusted to make sure fences are positioned in such a way that it is safe for the horses to jump them. Any adjustments not within these mandatory guidelines need to be discussed and agreed on by the TD and CD, and proper justification must be provided along with the TD report.

After identifying the area/path/field which will be used for the Derby and preparing the footing, the course builders and their crew (Arena Party) may start to build the course according to the plans.

1. Draw the place of each fence on the plan to facilitate the positioning/construction on the ground.
Make copies of the plan for each assistant.
If you have enough people with knowledge in course building, divide up the course among them.
If not, at least one course builder should be available to lead the group.
2. Each builder will try to build in his own area/field.
They have to find the middle point of the fences (middle of the pole) to measure the distances between fences, then do the same for combinations.

GUIDELINES FOR "BEST PRESENTATION AWARD" DURING HORSE INSPECTION

In order to have the same standard when judging the Best Presented Horse at the Veterinary inspection, the Judges and Veterinarians must follow the guidelines given below:

1. Is the horse well groomed?
2. Is the horse in good physical condition?
3. Does the horse stand still during the visual inspection?
4. Is the shoeing of the horse in order?
5. Has the horse been well trained to walk and trot on a loose rein?
6. Is the handler making the turn clockwise?
7. Is the handler not trying to shorten the trot by walking an extended distance?
8. Is the horse not creating any behavioral problems in the waiting area?
9. If passport required, has the passport been approved by the official vet.?
(An FEI passport is not required for FEI Eventing World Challenge competitions).
All horses must be properly registered and identifiable by diagrams.

Please use the score sheet provided for the Presentation (page 2).

Note: It is highly recommended that riders practice trotting their horses prior to the Veterinary inspection in order to avoid accidents and at the same time help better present the horses.

CHECKLIST FOR THE ORGANISER

	Yes	No
PRE-COMPETITION DOCUMENTATION: In order to best prepare the competition, it is highly recommended that the OC sends a list and description of all Cross Country material/fences that will be used for the competition to the FEI Foreign TD in order for him to check it beforehand. Also a copy of the intended course plan should be provided ahead of time as well in order for the TD to discuss possible changes prior to arriving and to have more time once on the ground to finalise the course. NOTE: The appointed Course Designer and TD should be in contact prior to the competition to discuss terrain specificities and course plan.	☐	☐
PROGRAMME: Please have a copy of the Programme ready for the Judges and Foreign FEI TD upon their arrival together with a copy of their itinerary for their stay in your country?	☐	☐
PRELIMINARY MEETING: Please arrange for a preliminary meeting the day before the competition to enable all Officials (Judges, Vet, TD and Course Designer) to run through the order of the day with the Organisers.	☐	☐
LIST of PARTICIPANTS: Please ensure that your list of participants adheres to the current set of rules and guidelines for the EVENTING WORLD CHALLENGE issued by the FEI.	☐	☐
VETERINARY INSPECTION: Please ensure that the area to be used is as level as possible and on a good surface. The appropriate markers as outlined in the FEI rules must be in place. Have your competitors been instructed in what to do at the trot up...straight lines, loose rein etc.? Have you invited a vet and does he know when to be present? Please make available a list of the horses/riders for the jury. The Judges will be assessing the Best Presented Horses at this point (provide Best Presented Horse score sheets to the Judges according to the number of entries).	☐	☐
DRAW: Are you prepared with the necessary lists and paperwork?	☐	☐
COMPETITION ARENAS: DRESSAGE 60x20: This must be well prepared and levelled, preferably with a centre line and X line. Arrange seating, desk and protection against weather for the two judges, one at C and one at E. Please ensure that there are suitably experienced scribes for each judge. JUMPING 64x45: The arena must be well prepared and levelled. The Jury box must be equipped and time keeping device checked and ready to be used. All required material must be ready in accordance with the course plans provided for each corresponding Category that will be organised. A checklist of all material should be prepared for the Course Designer, TD and PGJ. CROSS COUNTRY + DERBY: The terrain must be well prepared and checked for wholes and other possible security issues. All required material must be ready in accordance with the course plans and guidelines provided for each corresponding Category that will be organised. A checklist of all material should be prepared for the Course Designer, TD and PGJ. A meeting must be organised the day prior to the competition at the latest, to check all fences and to build the course. A COPY OF THE FINAL COURSE PLAN(S) WITH ALL DETAILS, INCLUDING DISTANCES BETWEEN FENCES, TOTAL LENGTH OF THE COURSE, ETC., MUST BE SENT TO THE FEI AT THE END OF THE COMPETITION ALONG WITH THE TD REPORT.	☐	☐
NATIONAL JUDGES: Do you have any judges who would like to participate on a practising basis?	☐	☐
TEST SHEETS: Are there sufficient test sheets for each class and are they the current versions?	☐	☐
RESULTS: The result sheets MUST be presented to the judges and signed by them before the prize giving. Please be aware that the judges may well wish to examine the test sheets for each rider and cross giving with results before signing off.	☐	☐
OFFICIAL RESULT SHEETS: Please remember that these result sheets must be signed by both judges before emailing to the FEI, which should be done as soon as possible the following day. This allows the judges to check the result sheets in detail.	☐	☐
STARTING LISTS: Please allow sufficient time between riders, it is always better to have too much rather than not enough time for each competitor.	☐	☐
PRIZE GIVING: When and where will this take place? Who should be there and what prizes are to be presented? Will it be mounted? Will it be after each class or after the complete competition? Will you organise a special farewell party with special prizes? These are all questions that should be addressed and clarified as part of the competition protocol with the OC and PGJ.	☐	☐
OFFICIALS: Has the travel arrangements and accommodation been confirmed with all appointed Officials and specifically with the FEI Foreign Technical Delegate?	☐	☐
Please ask yourselves the following questions -Is the car collecting/delivering the officials to/from the airport of sufficient size to carry luggage? -Are the officials able to check in to their hotel as soon as they arrive? It is much appreciated if they can. -Are there any officials / VIP guests invited to the farewell / official dinner? If so, please ensure that the officials (PGJ at the very least) are furnished with a copy of their names and positions before dinner.	☐	☐

-Are there likely to be TV / press representation at your competition? If so, please advise the officials of this and ask them if an interview is required. Please state a time when this is arranged.	☐	☐
-We would very much appreciate if it was possible for an official of your Federation to be present at the check out of the judges from their hotel, are you able to do this?	☐	☐
-Are there any internet facilities available? Whilst these may not necessarily be available in the hotel, it would be most helpful to be advised of a local internet café etc. where we might keep in contact with the officials.	☐	☐
<u>POST-COMPETITION DOCUMENTATION:</u> Are all post-competition documents ready to be sent to the FEI within the deadlines: Right after the competition: - Copy of the signed results including supporting documents (i.e.: Horse Declaration form if applicable) - Copy of the competition's programme (timetable, etc.) - Show information Document Within 14 days of the competition: - PGJ Report - FEI Foreign TD Report with copy of the XC and/or Derby Course plan(s) - FEI Veterinary Delegate Report - Press Clippings and Pictures of the competition - OC Checklist (this document)	☐	☐

President of the Ground Jury

Organising Committee

This Form must be signed by the President of the Ground Jury and OC. Then please return it to the FEI (andraina.wipraechtiger@fei.org) after the event along with the result sheets and other relevant documents.

CHAPTER 1 – COMPETITION PLANNING

1. INTRODUCTION

Welcome to the FEI Eventing World Challenge series. This series was created to offer athletes who, under normal circumstances, cannot take part in international competitions due to various factors (travel cost and distances for example), the opportunity to compete internationally without having to leave their own country. The format offers organisers set requirements so that regardless of where the competition is held, event conditions are as consistent as possible to compare World Challenge rankings globally by competition category for each Athlete/Horse combination.

The FEI Eventing World Challenge SERIES may be organised by any member NF of the FEI, except USA, Canada, Australia and New Zealand and the Western European NFs (except for ISL who may organise it).

2. CHOICE OF FEI EVENTING WORLD CHALLENGE CATEGORY

The FEI offers three (3) categories for the World Challenge series. Each NF will have the opportunity to organise Competitions in 3 categories based on their level of activity: Category A (highest level meant as a bridge to the first FEI level of competition), Category B (for Medium level athletes), Category C (for Novice level athletes - an Introduction to Eventing).

The technical level will increase progressively from one Level to the next, allowing NFs to develop the discipline step by step.

Category A, B and C each consist of 1 Competitions organised over ONE day.

3. ATHLETE AND HORSE ENTRY

Age of Athletes:

- Categories B & C are open to Athletes of 12 years old and above.
- Category A is open to Athletes of 14 years old and above.

Age of Horses:

- All Horses + Ponies (refer to Art. 3.11*) of 6 years of age and over can compete in ALL Categories with any Athlete.
- All Horses + Ponies (refer to Art. 3.11*) of 5 years of age can compete in Category A with Athletes of 18 years of age or older.
- All Horses + Ponies (refer to Art. 3.11*) of 4 years of age can compete in Categories B & C with Athletes of 18 years of age or older.

Entry to Competition

- An entry consists of an Athlete and Horse combination.
- An Athlete/Horse combination may only start ONCE per Category during the same year.
- An Athlete may compete with the same Horse in all 3 Categories but NOT at the same show (ideally following the progression).

It is the responsibility of the National Federation to select the participants (Horses / Athletes) for the FEI Eventing World Challenge in strict accordance with the participation rules and make sure that Athletes and Horses comply with these rules (Art. 3).

*Ponies:

A pony or small horse NOT registered as a pony may compete in any FEI event as a horse. The rules for the category of event then apply as per the age of the equine and the athlete.
A pony registered as a PONY, can participate in Pony classes and in other FEI events at the discretion of the OC, however in such cases the age of the athlete must comply with the FEI Pony riders rules (no adults).

Decision tree for Horse entry

4. APPLICATION TO FEI EVENTING WORLD CHALLENGE

The first step is for National Federations wishing to organise the FEI Eventing World Challenge to complete the corresponding application form and return it to the FEI within the set deadline (1st December the year prior to the event date).

The application must contain the location, the date(s) and the Category(ies) offered. The FEI Solidarity Department will then create the event on the FEI Challenge IT online platform (<https://worldchallenges.fei.org/>).

The form can be found and completed here: <https://inside.fei.org/fei/disc/fei-world-challenge/eventing>

Complete the form within the deadline and submit to: andreina.wipraechtiger@fei.org.

5. OFFICIALS FOR COMPETITIONS

The required officials for the Competitions are listed in Article 4.4 of the FEI Eventing World Challenge Rules.

It is the responsibility of the NF to appoint the Officials required in accordance with the rules.

Functions:

- FEI Foreign Technical Delegate (TD)

Official duties include approval of the technical and administrative arrangements for the conduct of the Competition including examinations and inspections of Horses, accommodation of Horses and Athletes, stewarding of the Competition (FEI Stewards not mandatory, NF regulations regarding stewarding is acceptable), liaison with the Chief Medical Officer in regard to the Medical plan as well as the implementation of the Serious Incident Management Protocol.

- Ground Judge Jury

Official duties include the inspection and approval of the Cross Country and Jumping courses with the Technical Delegate and the Course Designer.

The judging of the Dressage Test, with the President of the Ground Jury placed at "C" and the Ground Jury Member at "E".

The Ground Jury will be responsible for the judging of the Jumping Test.

During Cross Country either the President of the Ground Jury must be in Cross Country Control. The President, in consultation with the Technical Delegate, shall make this decision and will decide about the role and positioning of the other Ground Jury member(s) during the Cross Country Test. The President and the member(s) of the Ground Jury shall retain the same task throughout the Cross Country Test.

- Course Designer (CD)

Using the course plans provided by FEI Eventing World Challenge the Course Designer will be responsible for the construction of the Jumping Course in accordance with the specific plans and guidelines of the FEI Eventing World Challenge (published on: <https://inside.fei.org/fei/disc/fei-world-challenge/eventing>).

For the Cross Country course, in collaboration with the TD, the Course Designer is responsible for the layout, measurement, preparation and marking of the route for the Cross Country in accordance with the specific plans and guidelines of the FEI Eventing World Challenge (published on: <https://inside.fei.org/fei/disc/fei-world-challenge/eventing>), construction and marking of the obstacles on Cross Country.

6. NON-LICENSED OFFICIALS AND VOLUNTEERS

There are other personnel required to run the FEI Eventing World Challenge event. These are known as non-licensed officials. It is the responsibility of the National Federations to hire and contract with these service providers. The FEI does not contribute any money toward these positions or service providers.

Scorer

- Scoring can be a volunteer position.
- It is essential that your scorer have no other responsibilities during the competition.
- They should have a quiet place to work with little distraction.
- They may not be a competitor at any event in which they score.

Announcer

- Having a person communicate during an event adds both excitement and efficiency during an event.
- A good announcer can assist, when an incident occurs, and direct public and volunteers, so officials can take care of the situation.
- The announcer also adds to the communication available between you and the competitors.

Medical Responders

- Medical responders are critical for events.
- An ambulance is not required, but a medical responder as per the National Rules must be present.
- Ask your National Federation for advice on arranging for these services.

Veterinary Services

- Veterinary responders are critical for events.
 - Treating Veterinarian(s), Veterinary Control Officer and/ or Course Veterinarian(s), must be present as required by the National Regulations for Eventing competitions.
- Ask your National Federation for advice on arranging for these services.

Volunteers

- Score Runner: Pick-up completed score sheets from the Judge to the scorer.
- Jump volunteers: Resets jump pole to the required measurement after completion of an Athlete's round should they have had any penalties.
- Show office secretaries
- Arena stewards
- Warm-up arena stewards
- Hospitality volunteer delivers refreshments and catering to officials and volunteers during the competitions.

Fence Judges & Timekeepers

- A timekeeper should be present at the beginning and end of the Cross Country course. If possible and both the first and last fence are clearly visible from the same location (same visual line), one person might be assigned as the timekeeper instead of two.
- Fence Judges must be present next to each Cross Country fence to inform the Ground Jury of any penalty or issues that may occur for the fence they are responsible for. If fences are positioned near each other, one fence judge can be in charge of more than one fence (ideally not more than two fences).
- The number of fence judges and timekeepers, their positions and responsibilities will be determined and communicated by the Technical Delegate.

7. TIMETABLE EXAMPLE FOR 1 DAY EVENT WITH ALL 3 CATEGORIES

MORNING: DRESSAGE ALL CATEGORIES & JUMPING CATEGORIES A & B	
09:00-10:00	Arrival of Rider/Horse Combinations + Horse Inspection
10:00-10:30	Category C Dressage Test (5 combinations)
09:30-10:15	Category A Jumping Course Walk OPEN Note: Category B Athletes are allowed to walk the course as well and are recommended to do so as 90% of the course is the same. Course plans for both Categories A & B must be published at the entrance of the arena.
10:30-11:00	Category A Dressage Test (5 combinations)
10:45-11:15	Category A Show Jumping Course
11:30-12:00	Category B Dressage Test (5 combinations)
11:45-12:00	Category B Jumping Course Walk OPEN Note: this course walk is shorter as it is meant for athletes to review the course with the changes made between Cat A & B. All Category B Athletes should have already walked the course when open for Cat A.
12:15 -12:45	Category B Show Jumping Course

AFTERNOON: DERBY CATEGORY C & CROSS COUNTRY CATEGORIES A & B	
12:15-13:15	Category C Derby Course Walk OPEN
13:30-14:15	Category C Derby
14:30-14:45	CATEGORY C PRIZE GIVING CEREMONY
15:00-16:00	Category A & B Cross Country Course Walk OPEN
16:00-16:45	Category A Cross Country
17:00-17:15	CATEGORY A PRIZE GIVING CEREMONY
17:30-18:15	Category B Cross Country
18:30-18:45	CATEGORY A PRIZE GIVING CEREMONY

NOTE: This timetable is an example based on 5 combinations per Category. It must this example be adapted according to the number of combinations taking part in each category.

The most important is to respect the order of the "tests" in accordance with the Rules:

1. Dressage
2. Jumping (only Cat A & B)
3. Derby/Cross Country

And to plan enough time for course walks and change of courses between categories.

CHAPTER 2 EMERGENCY PREPAREDNESS

The FEI Eventing World Challenge series are designed to create a fun and engaging competition whilst minimising the dangers that they can present. A risk management plan will ensure that should an accident occur, event management may respond appropriately.

1. Plan the event area to maximise safety. Develop a programme to reveal potentially dangerous conditions. Realising that not all conditions can be ideal, minimise the risk potential by considering, from the point of view of the Athlete and Horse.
 - a. Devise alternate plans for adverse weather conditions.
 - b. Recommend sufficient personnel to manage the event.
 - c. Plan adequately-sized warm-up areas, or supervise and limit participants if a warm-up area is small.
 - d. Ensure that arena stewards and gate keepers are capable.
 - e. Rely on officials' awareness and training of strategies in managing human relations and dealing with anger.
 - f. Post signs and reminders for Athletes. Ask Athletes to immediately report potential hazards they may identify.
2. Develop an accident preparedness plan to cover the eventuality of an incident and discuss the plan with officials and volunteers.
 - a. Who takes charge of situation
 - b. Who is called for on-site emergency personnel (Medical and/or Vet services, etc.)
 - c. Who calls for supplementary emergency services

CHAPTER 3 EVENT PAPERWORK & SCORING

1. ENTRIES

National Federations must refer to the MEMO for NF document available on the FEI Eventing World Challenge webpage, which includes all information on the steps to follow to make entries on the FEI World Challenge dedicated IT platform.

Each NF must have appointed a Challenge Administrator in charge of creating Athlete/Horse profiles, registration and entries.

2. SCORING

A complete set of Score sheets will be printed and numbered with each Athlete's competitor number for each competition category for the Judge and placed in appearance of order e.g., Starting Order.

Volunteer score runners will pick up completed scoresheets and deliver them directly to the Scorers office.

3. EVENT RESULTS REPORTING

The Scorer will then tabulate the results on the official FEI Eventing World Challenge result sheet. The Ground Jury will review the completed Category results and sign off on the final result sheet and send them to the FEI (andreina.wipraecht@fei.org) right after the competition.

CHAPTER 4 COMPETITION PERSONNEL & EQUIPMENT

An Eventing event, no matter the size, requires volunteers. Having sufficient numbers of people available to help ensures a safe and successful competition for the Athletes and Horses, and everyone else involved. There are many ways to divide the responsibilities for running an event and all these jobs must be done to assure the events safe conclusion.

1. ORGANISER OR MANAGER

The organiser or manager is responsible for the operation of the event. They must be available at all times to act in an executive capacity. It is the organiser or manager's duty to enforce all the rules and directives of the National Federation from the time entries are admitted to the grounds until departure. They may not be an Athlete at the event nor serve as a Judge or TD. This does not exclude their family from participation.

Duties include, but are not limited to, the following:

- a) To secure permission to run the event at a designated location.
- b) To provide adequate equipment to run the event. This includes the required course elements and timing devices (stop watches or electronic).
- c) To create and manage the Emergency Preparedness Plan.
- d) To pay officials and employees fees and other agreed contracts at the conclusion of the event.
- e) Works with all staff and Course Designer to prepare grounds and facilities for the competition and supervises the clean-up of the grounds after the event.
- f) Puts up road signs for spectators, information signs on show grounds, and crowd control barriers for the event.

- g) Sets up seating, name signs, etc. for guests, sponsors, etc.
- h) Arranges for trash barrels and removal of manure to return grounds to original condition.
- i) Provides and supervises personnel and equipment for communication throughout the event.
- j) Arranges for loudspeaker and walkie-talkie systems (and checks batteries).

2. SECRETARY

The manager/organiser and secretary positions may be held by the same person. It is the responsibility of the event secretary to apply for dates for the event.

Duties include, but are not limited to, the following:

- a) To submit request for Competition Schedule to the National Federation
- b) Forward copies of the Approved Schedule/Timetable to all Officials immediately upon publication.
- c) To obtain from each Athlete all required health papers and a signed disclaimer of liability.
- d) To provide appropriate badges for all Officials per National Federation requirements.
- e) To assign and provide a competitor number for each combination starting.
- f) To furnish the Judges in each category a score card with exact specifications.
- g) To furnish correct ribbons and trophies upon completion of each category for the event.
- h) To post course plans at the proper time for their inspection.
- i) To email to the FEI (andreina.wipraechtiger@fei.org) all the required documents in accordance with the MEMO for organising NF.

3. VOLUNTEER COORDINATOR

Works with organiser/manager or secretary to determine number of volunteers and duties of each position required. Trains volunteers and manages their overall well-being during the event.

Duties include, but are not limited to, the following:

- a) Make initial contact with volunteers, follows up to confirm date, time, place, job.
- b) Determines when and where to meet at the competition.
- c) All volunteers should also sign a hold-harmless disclaimer per National Federation or Event Venue requirement(s).
- d) Makes arrangement for lunches and beverages to be purchased and delivered to volunteers and all competition personnel.

4. EVENT STEWARD

Oversees all the event competitions and positions volunteers at arenas.

5. SCORER

Supervises all scoring for all competition categories at the event.

Duties include, but are not limited to, the following:

- a) Gets entries and allowed times from secretary, prepares score sheets, and makes up sheets for posting scores.
- b) The scorer in conjunction with the Show Secretary will prepare the competition schedules for the Categories of competitions.

- c) Prepares and posts results, within an hour of completion of competition.
- d) Prepares all results for submission to the FEI and National Federation.

6. OFFICIALS AND VOLUNTEER EQUIPMENT REQUIRED BY COMPETITION

Personnel and Equipment include, but are not limited to, the following:

CHAPTER 5 HOW TO HANDLE ORGANISATION WITH THE MEDIA

The following suggestions by the FEI are aimed to improve the popularity and media coverage of the competition, during the current season. The FEI highly recommends that you try to put them into practice:

1. PERSON RESPONSIBLE FOR MARKETING/SPONSORING WITHIN YOUR FEDERATION

He or she should maintain full contact with the press, TV, etc. and ensure that they are informed on progress, timetable, composition of the Ground Jury, names of competitors and horses etc. This person should also be responsible for publicity and public relations organisation at the event.

2. LIAISON WITH THE PRESS

The Person Responsible for marketing/sponsoring should mail the Press Release from the FEI with the results from the previous year to the Press (if any), 10 days before the start of the competition.

3. LIAISON WITH YOUR NATIONAL TELEVISION COMPANY

Utmost attention should be paid to TV coverage, for TV coverage and the subsequent broadcast of the competition is, of course, the ideal method of making the competition known amongst a widespread and numerous public. The Person Responsible should be tasked with this liaison and should begin very early with arrangements for TV coverage.

4. COCKTAIL PARTIES AT THE EVENT

Organise a cocktail party before or after the event, to which the Press, competitors, all Officials and the Sponsor (or representatives) if present, should be invited.

5. RIDERS ARE TO BE INFORMED OF THE FOLLOWING:

"Any rider entered by his or her NF in the FEI Eventing World Challenge Competition concedes the rights of any photographs of the rider and/or horse and accepts their publication in any FEI Publications and FEI Website."

6. FEI BRAND

The FEI logo being a registered trademark, we ask that all use of it be according to the FEI Brand Guidelines which you will find on the FEI website under: <http://inside.fei.org/fei/about-fei/commercial/branding>.

CHAPTER 6 DOCUMENTS TO SEND TO THE FEI

Immediately (it should reach the secretariat not later than 14 days) after the event:

- One copy of the competition programme
- Copy of the results signed by the official Judges
- Horse Declaration Forms for athletes that ride more than one horse in the same Category. These forms must be signed by the athlete and the Foreign Judge (or President of the Ground Jury)
- President of the Ground Jury's report + FEI Foreign TD's report (with supporting

- documents) + FEI Vet Delegate's Report
- Photographs of the competition
- Press clippings relating to the competition
- Show information document completed and signed
- Checklist for the Organiser
- Expense Claim – FEI Contribution towards Foreign TD Travel and Per Diem (as per the rules) with justifications

CHAPTER 7 HOW TO PLAN ON THE MEDIUM/LONG TERM

In the medium and long term, The FEI Eventing World Challenge can be optimised as follows:

- Place one of the Eventing Events in conjunction with the FEI DRESSAGE or JUMPING World Challenges.

This option is possible because of the requirements in the Eventing Challenge for a Dressage arena of 60m x 20m and a Jumping arena of 65m x 45m, which corresponds to both other series requirements.

Also, this would involve the public far more in the Dressage Competition and present a more interesting structure for the media. A complete set of printed results must be handed to the Judges prior to leaving to the next stage.

- If the logistical aspect of organising a multi discipline show is too complex, it is also possible to consider organising the FEI Eventing World Challenge in conjunction with a National Competition. Use the course plans for lower categories and age classes.
