New Delhi the 30th March, 2010

The President/Secretary General/General Secretary of

Subject: Declaring National Sports Federations as Public Authority

Sir/Madam

On receiving directions from Central Information Commission to identify, notify and direct all NGOs/other organizations falling under the purview of Ministry of Youth Affairs and Sports and qualifying as Public Authority under Right to Information Act, 2005, the Ministry undertook an exercise in respect of National Sports Federations to check the applicability of various conditions of RTI Act and noted that:

- i) National Sports Federations (NSFs) come within the purview of Ministry of Youth Affairs and Sports as per the Allocation of Business Rules, 1961.
- ii) The Ministry recognizes one National level Sports Federation in each discipline for the purpose of development and promotion of their disciplines.
- iii) These federations are fully responsible and accountable for the overall management, direction, control, regulation, promotion, and development of their discipline in the country.
- iv) They are expected to collaborate with Ministry of Youth Affairs and Sports and Sports Authority of India to develop promotional plans (LTDPs) and activities for the development of their discipline.
- v) They are in turn recognized by the various international federations and also by the Indian Olympic Association.
- vi) They serve as nodal body for participation of "India" teams in international events.
- vii) They are also responsible for affiliation of State and District Units in the country.
- viii) They receive special attention and privileges from the Government which are otherwise unavailable to such organizations.
- ix) They receive Government funding for various purposes including organization of national championships and training and participation of sportspersons in tournaments in India and abroad, equipments, coaches and other facilities.
- x) The Government grant forms a major part of their budget for promotion and development of their sport, including preparation of the national teams.

- xi) The Government specifies the purpose and manner in which such funding is to be utilized and the federations are accountable to the Government for all privileges and funding so received.

2. The Government, after taking into consideration all above relevant facts and circumstances, has concluded the National Sports Federations are doing a "State" function and are dependent on Government funding for performing this task and hence are "substantially financed" by the Government.

3. It has therefore been decided to declare all National Sports Federations receiving grant of Rs. 10 lakhs or more as Public Authority under Section 2(h) of the RTI Act, 2005.

4. All NSFs getting covered by this provision are requested to immediately designate Central Public Information Officers and Appellate Authorities as per Section 5 of the Right to Information Act, 2005 and intimate their details to the Ministry.

5. They are further requested to fulfill their obligations of being a Public Authority, as per Section 4 of the Right to Information Act, 2005, like maintaining all their records duly catalogued and indexed in a manner so as to facilitate the right to information under this Act and *suomoto* disclosure/publishing of information pertaining to the federation, including the following:

- i) the particulars of their organisation, functions and duties;
- ii) the powers and duties of their officers and employees;
- iii) the rules, regulations, instructions, manuals and records, held by them or under their control or used by their employees for discharging their functions;
- iv) the particulars of any arrangement that exists for consultation with, or representation by, the members of the public in relation to the formulation of their policy or implementation thereof;
- v) all relevant facts while formulating important policies or announcing the decisions which affect public;
- vi) a statement of the boards, councils, committees and other bodies consisting of two or more persons constituted as their part or for the purpose of advice, and as to whether meetings of those boards, councils, committees and other bodies are open to the public, or the minutes of such meetings are accessible for public;
- vii) a directory of their officers and employees;
- viii) the monthly remuneration received by each of their officers and employees, including the system of compensation as provided in their regulations;

- ix) the budget allocation within the federation, indicating the particulars of all plans, proposed expenditures and reports on disbursements made;
- x) particulars of recipients of concessions, permits or authorisations granted by them;
- xi) the particulars of facilities available to citizens for obtaining information including the working hours of a library or reading room, if maintained for public use etc;
- xii) such other information as may be prescribed.

And thereafter, update this information every year.

6. The details as outlined above shall be sent to this Ministry latest by 15th April, 2010 and also be made available on their websites. Compliance to the above instructions is mandatory for a National Sport Federation to become eligible to receive government grant under the Scheme of Assistance to National Sports Federations.

7. This may be treated as most urgent.

Dated ; 05.10.2009

To,

The Presidents/Secretary Generals
of recognized National Sports Federations

Sub: Drawing the advance calendar of National Championship and submission of proposal thereof -

Sir,

The National Sports Federations (NSFs) are primarily responsible for promotion of the discipline for which these have been recognized by Government of India. Holding of regular National Championships in all categories, i.e. Senior (M&W), Junior (B & G) and Sub-Junior (B & G) is the very basic and bare minimum requirement for promoting the concerned disciplines.

2. For maintaining the recognized status with the Government and getting financial assistance for various activities, the NSFs are expected to hold the National Championships regularly and notify them well in advance thus enabling the players/States to plan their participation. This will also help the Association of Indian Universities (AIU) and School Games Federation of India (SGFI) to draw their calendar accordingly.

3. All NSFs are, therefore, requested to draw the calendar for the next year (financial year or calendar year as per their present practice) and submit the proposals for holding the nationals in the prescribed form to Government by 5th December, 2009 along with details of venue, arrangement for boarding lodging, name and telephone number of contact person, etc. The NSFs are also required to indicate the procedure & schedule for sending the entries by State Units, methodology for issue of participation and merit certificates on completion of event and maintenance of records thereof.

4. It may please be noted that applications received after 5th December, 2009 for holding the Nationals Championships in the next year will not be entertained.

...2/-

5. For consideration of the applications so received a special meeting will be held on 10th December, 2009 wherein required approvals will be accorded. Authorized representatives of NSFs will also be required to be present during the meeting.

6. It has also been decided that henceforth while submitting the audited accounts and other documents for release of second & final installment, the NSFs will be required to submit a VCD of about 45 minutes showing the competitions & progress, prize distribution (opening and closing ceremony, if held), arrangement for boarding and Lodging, etc. . For this purpose an expenditure of upto Rs.2,500 may be claimed under the head - cost of consumables & hiring of infrastructure within the overall ceiling of financial assistance approved by Government. A copy of the VCD may also be sent to local Dordarshan Kendra for telecast.

7. This is to reiterate that the proposals of federations for other activities such as coaching camps, participation in competition abroad, equipments, etc. **will not be entertained without the compliance of above instructions.**

New Delhi the 18th September, 2008

Sub: Guidelines for Dope testing procedures

It is the endeavor of all concerned with sports to create a clean and healthy environment for sports in India and to take all measures in conjunction with the various sports bodies and other stakeholders to uphold the highest values of fair play and honesty which are the very essence and ethos of sports. To achieve this it is important that all efforts be made to prevent Indian Athletes and Supporting Personnel from using illegal and artificial performance enhancing drugs and at the same time to promote a healthy lifestyle among our athletes. While it is necessary that athletes are tested periodically both 'in competition' and 'out of competitions' for dope in accordance with internationally accepted norms, it is also necessary that the athletes should be given the due respect and regard while the tests are being done on them and that the procedure adopted for testing should be fully transparent and unbiased. The athletes should also be given ample opportunity to present his/her version before any action affecting their careers is taken. For athletes who spend most of their productive years in pursuit of excellence in their sports, it can come as a great setback and mental shock if they are accused of/ or imposed with sanctions on the basis of ad-hoc or arbitrary procedures and inaccurate results. While there should be no leniency towards athletes for whom the use of illegal substances or methods has been established, it is absolutely necessary that according to the Rules in force the procedures must be fully and meticulously followed. With a view to ensuring the above, the following instructions are being issued with immediate effect.

SAMPLE COLLECTION OF ATHLETES:

1. A Doping Control Officer (DCO) or Chaperone will notify the athlete of selection for doping control. The DCO or Chaperone will inform the athlete his/her rights and responsibilities, including the right to have a representative present throughout the entire process. Athlete will be asked to sign a form confirming that they have been notified for doping control. For a minor or an athlete with a disability, a third party may be notified as well.
2. The athlete should report to the doping control station as soon as possible. The DCO may allow him to delay reporting to the station for activities such as a press conference or the completion of a training session; however the athlete will be accompanied by a DCO or chaperone from the time of notification until the completion of the sample collection process.

J. S. Bhatnagar

3. Athletes will be given a choice of individually sealed collection vessels and the athlete may select one. Athletes should verify that the equipment is intact and has not been tampered with. The athlete should maintain control of the collection vessel at all times.
4. The athlete and a DCO of the same gender will be permitted in the washroom during the sample provision. Minors and athletes with a disability may also have their representative present; however this representative is not permitted to view the sample provision. The objective is to ensure that the DCO is observing the sample provision correctly.
5. The DCO shall use the relevant laboratory specification to verify, in full view of the athlete, that the volume of the urine sample satisfies requirements for analysis.
6. After verifying that the equipment is in tact and has not been tampered with the athlete will open the kit and confirm that the sample code numbers on the bottles, the lids, and the container all match.
7. The athletes will divide the sample, pouring the urine himself/ herself, unless assistance is required due to disability. Pour the required volume of urine into the 'B' bottle and pour the remaining urine into the 'A' bottle. The athlete will be asked to leave a small amount in the collection vessel so that the DCO can measure the specific gravity and/or pH.
8. The athlete should seal the 'A' and 'B' bottles. The athletes' representative and the DCO should verify that the bottles are sealed properly.
9. If the samples does not meet the specific gravity or pH requirements, athlete may be asked to provide additional samples.
10. The athlete should provide information on the doping control form about any prescription or non-prescription medication or supplements they have taken recently. Athlete also have the right to note comments on the form regarding the conduct of the doping control session. The athlete should confirm that all the information is correct, including the sample code number. The athlete should receive a copy of the doping control form. The laboratory copy of the form does not contain any information that could identify athlete.

ANALYSIS OF SAMPLES :

1. Samples are packaged for transportation to the testing laboratory to ensure that the security is tracked. The testing laboratory will adhere to the International Standard for Laboratories when processing samples ensuring that the chain of custody is maintained at all times.

2. 'A' samples will be analyzed and the 'B' samples will be securely stored and may be used to confirm an Adverse Analytical Findings from the 'A' sample.
3. The laboratory will complete the analysis of the samples in the time stipulated under the International Standard for Laboratory. In case at any point of time there are a very large number of samples to be analyzed and the laboratory is not in a position to complete the analysis within the stipulated time then the samples should be sent to some other laboratory so that the analysis result is available within the stipulated time.
4. The report of the laboratory will be sent to the SAI within 24 hours after the analysis is completed.
5. The Sports Authority of India (SAI) will, after the procedures for decoding etc. ensure that the results 'negative' or 'positive' or "where further investigations are required" in respect of athletes are communicated to the concerned National Federation within 48 hours of receipt of report from the laboratory. The National Sports Federations, after receipt of the report from SAI will ensure that the concerned athlete is communicated in writing the results within 48 hours of receipt of the report by the Federation from SAI.
6. In case of Adverse Analytical Finding the National Federation will, as per the Rules also notify the athlete inter-alia the Anti-doping rule asserted to be violated or whether further investigation is necessary and a description of additional investigation, the athlete's right to promptly request the analysis of the 'B' sample, the right of the athlete or the athletes representative to attend the 'B' sample opening and analysis.
7. Once the athlete has received the notification and before the National Sports Federation imposes a provisional suspension the athlete must be given a provisional hearing prior to the imposition of the provisional suspension or a provisional hearing as soon as possible within 10 days after the imposition of the provisional suspension.
8. In case where a provisional suspension has been imposed and thereafter the Federation determines (as per the Rules governing this process) that following the submission by the athlete there has been no anti-doping rule violation then the provisional suspension shall be rescinded immediately.
9. The Rules in respect of Adverse Analytical Findings for the sanctions to be imposed would be followed in cases where Adverse Analytical Findings are fully confirmed.

It is also clarified that till the time the Anti-doping Rules of National Anti Doping Agency (NADA) comes into force and the NADA becomes fully operational, the SAI

Level B. S. Khan

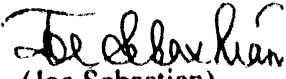

will continue the work of collection of samples and initial processing for submission to the laboratory and thereafter the process related to decoding of results and sending them to the National Federations. The Result Management and the imposition of sanctions etc. will continue to be done by the National Sports Federations as per their Rules and the Rules of the International Federation which are in compliance with the WADA Code.

It is once again emphasized that in this entire process the athlete must be treated with utmost dignity by all the agencies concerned respecting the athletes right to know the results of his/her test and giving him/her full opportunities to present his/ her version before any provisional or final sanction is imposed.

It is hereby reiterated that SAI, being the Sports Authority of India, shall be fully responsible for the overall welfare of the athlete and fulfillment of his rights without undue unacceptable delays and shall be answerable in case of violation of the same.

All the stakeholders are directed to follow the procedures and process detailed above meticulously. Also wide publicity of the above may be given to the sportspersons, coaches, athletes, support personnel and others concerned.

- The Government will continue to focus on this issue and its proper resolution for all stakeholders and, if necessary, will revise the above instructions to further improve the systems as and when felt necessary.

The Presidents/Secretary Generals of
All Recognized National Sports Federations.

Sir,

In the matter of Karm Kumar Vs Union of India & Others, the Hon'ble High Court of Delhi has directed Government to review the matter of participation of foreign nationals of Indian origin in the national teams and bring out a uniform national policy in the best interest of sports in the country.

The matter has, in pursuance to the above direction of the Hon'ble High Court of Delhi, been carefully considered after seeking comments of Indian Olympic Association, recognized National Sports Federations and others concerned.

Based on this consultation, an overwhelming view has emerged that the best interest of Indian Sports would be served by ensuring that players who are Indian citizens only represent the country in the National Teams. This would ensure that the limited resources available are invested optimally in building world-class athletes. This would also provide the opportunity of giving international exposure and training to deserving local talent, which would further improve them to world class performance levels. This would also act as an inspiration for budding talent. Finally it would serve the long term interests of the country to emerge as a front runner in the field of sports.

In view of the above, it has been decided that, henceforth only players who are citizens of India would be entitled to receive government support for representing the country in the national teams. Further, the above policy decision would also be applicable in the consideration of proposals for the participation of the national teams in international sports events.

Yours faithfully,

Sub: Government Policy on participation of foreign nationals of Indian origin in national teams.

Sir,

Government vide letter of even number dated 26th December, 2008 has laid down the national policy on the above mentioned subject.

2. A question has arisen in respect of persons who are not Indian citizens as to whether the policy only restricts government support to them for participating in national teams or altogether makes them ineligible to participate in national teams.

3. As already stated in para 3 of the letter referred to above and for the reasons mentioned in the said letter, it is clarified that just as financial support from government is restricted to Indian Nationals only, the inclusion of players in the national teams is also restricted to Indian nationals only. In other words, only Indian nationals are eligible to be part of the national team and walk under the Indian Flag.

Yours faithfully,

OFFICE MEMORANDUM

Subject:- Proposed changes in the import policy for arms
& ammunition, parts and accessories thereof.

The undersigned is directed to say that in the present EXIM policy the import of arms and ammunition comes under Restricted category. ITC (HS) Code Import Schedule I of DGFT describe the rules and guidelines related to import policies. Chaptre 93 of th ITC (HS) code deals with Arms and Ammunition; parts and accessories thereof.

Based on inputs received from NRAI and other stakeholders and careful examination of the present dispensation, there is a need for review of the existing policy. At present import of arms is only permitted against a license to renowned shooters/rifle clubs for their own use on the recommendation of the Ministry of Youth Affairs & Sports. While renowned shooter is defined, rifle club has not been defined. It is now proposed to replace 'rifle club' with NRAI, which can import for its own use or for the use of its affiliated district/state associations. Further, district/state associations are also proposed to be permitted to import arms and ammunition with the recommendations of the competent authority of the State Governments to DGFT directly. Accordingly, proposed changes in the import policy of arms & ammunition has been indicated in the enclosed Annexure.

DGFT is requested to amend the existing notification/order as indicated in the enclosed Annexure at the earliest.

Subject: Adoption of instructions relating to prior sanction necessary for contesting/canvassing in elections to sports bodies – regarding

Sir/Madam,

I am directed to say that a number of Government servants of State Governments and Union Territory Administrations are holding posts in various sports associations and bodies of national level, state level and district level. Holding of elective offices by Government servants belonging to the Central Government is regulated in terms of the provisions contained in the Central Civil Services (Conduct Rules), 1964. In terms of Rule 15 (1) of CCS (Conduct) Rules, previous sanction of the Government is required to hold an elective office, in any body, whether incorporated or not. Under Rule 12 of the CCS (Conduct) Rules, previous sanction of the Government or the prescribed authority is also necessary for a Government servant associating himself with raising of any funds or other collections in pursuance of any object whatsoever. Further, instructions issued vide the Department of Personnel & Training's OM No. 11013/3/9/93-Estt(A)-dated 22.4.1994 provide, inter alia, that no Government servant should be allowed to hold elective office in any sports association/federation for a term of more than 4 years, or for one term, whichever is less. Copies of Rule 12 and 15 of CCS (Conduct) Rules and DOPT's aforesaid OM dated 22.4.1994 are enclosed.

2. It is presumed that State Governments/UT Administrations have already framed similar rules/instructions for regulating the association of the Government servants borne on their strength with the sports associations/federations. If not already formulated, it is requested that appropriate rules/instructions suitably incorporating the above-mentioned provisions of the Government of India may kindly be formulated.

3. It is also requested that requests of officers belonging to All India Services viz., Indian Administrative Service, Indian Police Service and Indian Forest Service for holding elective offices in sports associations/federations may be processed in accordance with relevant provisions of the AIS (Conduct) Rules.

4. Further, a list of names of officers, both belonging to All India Services and State Services, holding elective-posts in Sports Federations/Associations, alongwith details of their term and tenure, may please be sent to this Ministry for record.

Yours faithfully

The Secretaries/Hony. Secretaries/General Secretaries of
All the recognized National Sports Federations/Associations

Subject: Adoption of dynamic criteria for categorization of sport disciplines-
regarding.
Sir/Madam,

I am directed to refer to para 4.2 of the "Guidelines for Assistance to National Sports Federations (NSFs)", which enables this Ministry to issue suitable guidelines and set procedure for categorization of various sport disciplines to ensure objectivity and transparency. Para 4.2 also provides for review depending on the change in the performance indicator of the teams/individuals in national/international tournaments in respect of specific sport. In light thereof, it has been decided to re-emphasize the dynamic nature of prioritization based on performance of disciplines in recognized international events like Olympic/Asian and Commonwealth Games etc. so as to motivate recognized NSFs for better preparedness for the forthcoming Asian/Commonwealth Games-2006. The basic features of the "Dynamic Model" are as under:

Accepting Olympics to be the main focus of the entire planning of development of sportspersons, the categories of recognition, in order of merit, would be as under:

PRIORITY:

- i) Based on medals won and set standards of performance for each cycle in Olympics, Paralympics, Special Olympics and Winter Olympics;
- ii) Based on medals won and set standards of performance for each cycle in Asian/Commonwealth Games including Commonwealth Youth Games; and
- iii) Based on medals won and set standards of performance for each cycle in Government recognized official World Cup/World Championship both at Senior and Junior level in Non-Olympic/Non-Asian/Non-Commonwealth disciplines.

GENERAL:

- i) Based on set standards of performance in Olympics, Paralympic, Winter Olympics, Asian & Commonwealth Games including Commonwealth Youth Games; and
- ii) Based on set standards of performance as fixed from cycle to cycle in Government recognized Official World Cup/World Championship both at Senior and Junior level in Non-Olympic/Non-Asian/Non-Commonwealth disciplines.

OTHERS:

Disciplines not covered under Priority or General categories including indigenous sports.

The following will be the independent cycles of dynamic categorization:

- i) "Olympic to Olympic";
- ii) "Asian/Commonwealth to Asian/Commonwealth"
- iii) Fixed cycle for each Government recognized discipline not covered under Olympic/Asian/Commonwealth Games.

At the end of each cycle, there will be automatic lapse of priority assigned and matter would be reviewed based on latest standards of performance set by the Ministry.

The above-said guidelines will be implemented with immediate effect on the basis of performance in Athens Olympics-2004 for the period 2006-2008 and Asian/Commonwealth Games-2006 for the period 2006-2010. However, the existing categorization will be in force till the end of Commonwealth & Asian Games-2006.

The set of standards of performance for various disciplines shall be as under: (i) Olympic (2006-2008) for the cycle of 2004-2008 (ii) Asian/Commonwealth Games (2006) for the cycle of 2006-2010 (iii) other specific cycles for non-Olympic, non-Asian/Commonwealth events:

PRIORITY:

- (a) First six in team events and first eight in individual events during Olympic Cycle;
- (b) First four in team events and first six in individual events in Asian/Commonwealth Cycle; and
- (c) First four in team and first six in Government recognized World Cup etc., in non-Olympic and non-Asian/Commonwealth events.

GENERAL:

- (a) Seventh to Tenth in team events and ninth to twelfth in individual events during Olympic cycle;
- (b) Fifth to Eighth in team events and seventh to tenth in individual events in Asian/Commonwealth Cycle; and
- (c) Fifth to eighth in team events and seventh to tenth in individual events in Government recognized World cup etc. in non-Olympic and non-Asian/Commonwealth events.

OTHERS:

Remaining disciplines including indigenous games. Criteria are being separately intimated.

The other existing conditions of recognition of National level federations including conduct of District/State/Nationals, both for women & men, for each category, adoption of transparency in selection and accounts etc. shall be applicable.

Yours faithfully,

Sir/Madam,

The Ministry has been receiving representations from National Sports Federations from time to time requesting for seeking the permission to fly by private airlines whenever flying by the national carrier involves cumbersome routing including long hours of waiting at transit airport.

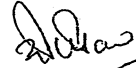

In an effort to ensure that the national teams are put to least physical strain related to travel while still maintaining the priority that needs to be accorded to the national carrier, the Ministry has laid down the following guidelines for the national sports federation to seek relaxation for air travel by Indian teams by private airlines.

- i) Wherever there is a direct flight of Air India, the national team should invariably travel on Air India except where the tickets in the entitled class are not available.
- ii) So long as the routing involves only one change of flight and the waiting period does not exceed 4 hours, the national carrier is to be given preference.
- iii) Bookings to be done well in advance to ensure cheapest available fare in Excursion/Economy class.

- iv) In case relaxation is sought to travel by private airlines on the basis of non applicability of conditions in point (i) and (ii), the air fare quoted by the private airlines should be lower than Air India fare.
- v) Bookings of private Airlines also to be done through Government authorized agencies viz. M/S. Balmer Lawrie & Co. Ltd and M/s Ashoka Tours and Travels Ltd with prior approval of Government.

Sir/Madam,

Government, after careful consideration of the demand of National Sports Federations (NSFs) to permit the deputation of Managers along with National Teams for deputed overseas in international competitions, has decided to allow the deputation of Manager at Govt. cost for all team events. As regards individual events, the deputation of Manager would be considered on case to case basis provided it involves participation in at least three events and/or the contingent comprises at least eight players.

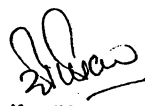

It has further been decided that to qualify for deputation as Manager, the person concerned should meet one or more of the following conditions: -

- (i) That he/she is an established sportsperson (a national level player or represented country at international level); or
- (ii) That he/she is a qualified coach; or
- (iii) He/she is a sports administrator of high standing; or
- (iv) That he/she has been employed as Manager on regular basis with the Federation.

Further, each federation which is qualified for availing itself of the above facility, would have to submit a panel of three or more persons for being considered for deputation along with the team as its Manager. The panel submitted by the NSFs would remain valid for the relevant four year LTDP period.

Subject: Policy decision regarding consideration of proposals received from National Sports Federations/State Governments and other entities for participation in tournaments abroad

It has been decided to strictly follow the guidelines of the scheme of Assistance to National Sports Federations in respect of giving clearance at no cost to the proposals received from various sectors.

As per para 8.4 of the guidelines, National Sports Federations are not required to obtain approval of the Government for participation in tournaments abroad at no cost to Government. This, however, shall not apply to participation in the Olympics, Asian Games and Commonwealth Games. Accordingly, if a Federation applies for clearance of a proposal at no cost they shall be informed about the provisions of the above said para of the guidelines.

In case they still wish to get NOC giving due justification, then the proposal will be routed through DCM and the Federation will be required to follow the selection procedures laid down in the guidelines.

It has further been decided not to consider requests for issue of NOC at no cost to the proposals received from entities other than recognized NSFs.

Subject: Preparation of data-base of performance of prominent individual players in
various national and international events- regarding.

Sir/Madam,

This is in continuation of this Ministry's letter of even number dated 10th July, 2007 containing instructions regarding submission of proposals. In this regard, it has been decided that while considering the proposals of the NSFs for sending their teams abroad for training/participation in international tournaments, the performance details of the selected players during the last one year should also be placed before the committee along with performance report in the last foreign exposure. For this all National Sports Federations are required to prepare/maintain data base of performance of all their players. Such details may also be placed on the web-site of the NSF. While forwarding the proposals for consideration, following information may be submitted:-

1. Number of times each player has been sent for foreign exposure during last one year;
2. His/her performance/achievements during last one year;
3. Justification for his/her inclusion in the team for the proposed tour; and
4. Government Observer's report/comments.

It has also been observed that some of the NSFs are not adhering to the time schedule for submission of proposals to the Ministry leaving little time at the disposal of the Ministry for completing the formalities and examination. Moreover, a number of NSFs are not informing the Government Observers about their activities including the selection trials/proceedings.

You are, once again requested to kindly adhere to all the instructions issued earlier vide letter referred to above and also take urgent steps for preparing data-base of all the players and send relevant details along with the proposals so as to facilitate their processing in the Ministry.

All National Sports Federations

Sir,

It has been observed that many National Sports Federations are bidding for holding of international events in India without consulting the Ministry and requesting for financial assistance to support the organization of such events. Since such organization involves huge expenditure and large scale preparations including infrastructure development and security arrangements, it becomes difficult for the Ministry to consider giving financial assistance in the absence of proper ground work being done.

The Federations are, therefore advised to seek Ministry's permission and obtain letter of support from the host State before bidding for any major event and committing huge expenditure.

The proposals submitted for seeking such approval will be required to submit information/document as per the list given below.

- i) Name of the event
- ii) Whether the proposed event is covered under LTDP.
- iii) Whether allotted by International Federation along with a copy of allotment letter.
- iv) Number and name of the countries who have confirmed their participation in the event.
- v) Number of players likely to participate in the event

- vi) Detailed break-up of the budget proposed
- vii) Assistance being given by the State Government along with documentary evidence.
